Pre arrival

The following information helps you prepare and take the necessary steps before coming to Amsterdam. Read this information carefully.

Email

The Office of International Student Affairs (BIS) and other departments of the University of Amsterdam will use email as a primary means of communication, so please make sure to add ‘@uva.nl’ to your email safe list. Check your email regularly (even your spam box!).

Facebook

We have created a Facebook page for students participating in the Global Exchange Programme. On this page you will also find a list of destination specific Facebook groups. It is a great platform to meet other students from your home university who will or have had an exchange at the University of Amsterdam. It is also a way to meet Dutch students who have gone, still are, or are going on exchange at your home institution. You will be invited to his group after nomination.

Finalise your registration at UvA

UvA Student Services will help you finalise your registration at the UvA. After acceptance, you will receive an email from UvAStudentServices@uva.nl. It will instruct you how to complete your registration at the UvA. During the online registration, you will be guided through visa procedures (if applicable) and you can register for the International Student Network (ISN) introduction activities. After completing the registration, UvA Student Services will send you an invitation to schedule an intake appointment upon arrival.
Visa / Residence permit
Most nationalities require a specific immigration procedure to study in the Netherlands. Based up on the country of which you are a citizen, you will need to apply for an entry visa (to travel into the Netherlands) and/or residence permit (to study in the Netherlands). UvA Student Services will assist you with the immigration procedure. [www.uva.nl/visa](http://www.uva.nl/visa)

Students with the Australian, New Zealand and Canadian nationality can also apply for the Working Holiday Scheme permit (WHS permit) instead of the regular residence permit. When you finalise your registration at the UvA, the online application automatically guided you through the necessary immigration procedure (visa, residence permit, WHS permit). [www.uva.nl/visa](http://www.uva.nl/visa)

Please note that students with a Chinese passport also need to apply for the NUFFIC certificate (former NESO certificate) as it is part of the Dutch visa application.

Insurance
Health insurance is mandatory by Dutch law. For non-EEA/EU students requesting a residence permit through the University of Amsterdam, liability insurance is mandatory. If students have plans to travel outside of the Netherlands, they should make sure that their insurance policy covers those regions as well.

Students carry responsibility for the type of coverage (health and/or liability) and checking whether their insurance will cover the complete period of their stay abroad. [www.uva.nl/insurance](http://www.uva.nl/insurance)

Student email account
All UvA students are assigned their own free UvA email account. You will receive a password and login details. The instructions to set up your UvA account (including UvAnetID and password) will be sent to the email address as listed in your original application file.

Housing
The housing market in Amsterdam is very tight and it can be quite hard to find accommodation on your own. Therefore, the office of International Students Affairs (BIS) offers guaranteed housing. If you apply for accommodation after the housing deadline, we cannot guarantee housing anymore.
**Housing Application system**

The UvA works with an online application system called ‘Embark’ to process all applications for student accommodation. You will receive an email with a link to this online application around mid-May for studies starting in September, and early November for studies starting in February. You can indicate your preferred price category. Make sure to carefully consider the price category. The UvA works with 3 housing corporations, and forward your application to the appropriate corporation based on your chosen price category.

Price categories per semester - *Prices are based on the previous academic year and are subject to change.*

- < 1900 Euro (only shared rooms)
- > 1900 Euro - < 2350 Euro (small single room with shared facilities)
- > 2100 Euro - < 2600 Euro (single room with shared facilities or single room with private facilities)
- > 2600 Euro (single room with private facilities)

We strongly recommend students to submit the online housing application as soon as possible. Only after having completed the online housing application you can expect an email from one of the housing corporations, with the actual instructions to apply for a room. For more information see [www.uva.nl/housing > How to apply](http://www.uva.nl/housing > How to apply)

**UvA fee**

All students renting a room via the UvA will be charged a non-refundable fee. This Early bird fee (190 Euro for one semester and 375 Euro for a full year, with reservation) is required to cover the UvA costs in providing the housing service to international students. You can submit the online housing application after you have paid the UvA fee.

**Fixed period**

Bear in mind that if you rent a room through the housing corporations DUWO or De Key (via UvA), the lease agreement will last until the end of the semester. It is not possible to shorten the lease agreement.

**Finding your own accommodation**

Please inform us as soon as possible if you prefer to find your own accommodation and do not wish to arrange housing through the UvA. [www.uva.nl/housing](http://www.uva.nl/housing)

**Amsterdam University College - campus**

Students admitted at Amsterdam University College (AUC) are not able to use the UvA housing services. They will be placed in accommodation on the AUC campus instead. AUC will contact the students directly.
