Declaration completion study/ deregistration student

M35A

This declaration is required to submit an application for a residence permit with 'graduate orientation year' as purpose of residence.

The IND grants the residence permit effective from the application date if you submit the application for a 'graduate orientation year' after the final condition for obtaining a diploma has been satisfied, but before the diploma has been awarded.
It will have a term of validity of one year. If you submit the application after the diploma has been awarded, the residence permit will expire precisely one year after the diploma award.
The residence permit will then have a term of validity of less than one year.
