Anthropology?
Study of cultural difference and sameness
Anthropologists are interested in:

- Why are groups of people different?
- How are they different?
- To what extent are they different?
- How are people made different?
- How do people express their differences?
- How do people value differences?
What does the world look like if you are born in Syria?
Or Pakistan?
Rio de Janeiro?
In a ‘gated community’?
In the countryside?
Or deaf?
