

# Amsterdam Sustainability Challenge: a blended exchange programme

**Apply now for an Erasmus+ short-term, blended exchange programme at the University of Amsterdam (UvA), Economics and Business (EB).**

## What?

The Amsterdam Sustainability Challenge is a blended course, combining three preparatory online meetings with a project-based programme in Amsterdam.

## When?

The course is taught in the first semester of next academic year (2022-2023). Once the exact data have been determined, you will be informed about this.

- Online: November - December 2022
- On-campus: January - February 2023

## Who?

Bachelor's students with at least 90 EC in Economics or Business related courses.

## Why apply for this programme?

1. Gain international experience: chance to go on a short-term exchange. Get to know Amsterdam and the Dutch culture.
2. Project-based programme: expand your knowledge on sustainability research and develop your consultancy skills. Participate in a sustainability project in cooperation with leading Amsterdam-based companies.
3. Interdisciplinary perspective: form evidence-based judgement from multiple perspectives (economics, environmental, ethical).
4. International classroom: develop your interpersonal and intercultural skills.
5. Social activities: get to know students from all over the world and expand your network.

## How to apply?

Contact your home university for information about how and when to apply. If you are selected, the UvA Exchange Office will contact you about your registration.
