

To Dah Loo

PUBLISHED BY THE FACULTY OF SCIENCE
IN COOPERATION WITH THE STUDENT COUNCIL

Especially made for
UvA science students

December 2019

S*R *Facultaire*
Studentenraad

Dear students,

On 26 November, the Faculty Student Council had its 'Constitutieborrel'. We presented our plans for the remainder of the academic year, answered all the questions and had a few drinks afterwards. We held a reception at which people could give us small presents and wish us good luck for the rest of the year. We had a lot of fun and hope all our guests had fun as well!

On another note, 2019 is almost over. The holidays are coming up, and the end of the semester is getting closer and closer. But first there'll be exams and deadlines coming up. Good luck with the last weeks and enjoy your holidays afterwards!

In January, we will ask you to fill in a survey. With this survey, we hope to get a good picture of your needs as a student at the Faculty of Science. This will help us put the right things on the agenda and help us in doing our best job of representing your interest! If you fill in the survey, you have a chance to win a prize. It's quite a big prize, if I say so myself. Think bicycle-big!

If you run into any issues, you can always reach us at fnwi@studentenraad.nl, or come by our room next to the stairs in the main hall.

See you in 2020!

Kind regards,

Jasper Claessen, general council member
The Faculty Student Council 19/20

Future Planet Studies students present:

MEATLESS HOLIDAYS!

Give the environment and the animals a Christmas present and go meatless this holiday. If everyone in the Netherlands stopped eating meat for one day, 500,000 animal lives would be saved.

Check FreshBag on Instagram for weekly vegetarian recipes based on local products.

**Seasonal greetings
from the Faculty of Science!**

Science Park 904 will be closed from 25 December to 1 January
