**Corona measures**

Want to know more about corona measures at the UvA and in the Netherlands? Visit [www.uva.nl/coronavirus](http://www.uva.nl/coronavirus) for the latest UvA updates or visit the website of the Dutch government and the website of RIVM (the National Institute for Public Health and the Environment).
ISN Buddy Programme

Just arrived, and no clue where to go? Sign up for the ISN Buddy Programme! You will be matched with a local student that shares your interests and can show you around, and answer all your questions about university, housing or the best places to grab a coffee.

Health and wellbeing

A healthy student is a happy, successful student. The UvA offers a useful overview of facilities related to both physical and mental health.

**General practitioners practice UvA**

As a UvA student, you are entitled to use the General Practitioners Practice UvA in case you have health issues that need treatment. Find information about registration and making appointments on their website, as well as information about the Dutch healthcare system in general.

**Dental care**

Looking for a dentist? Treatment at the Academic Centre for Dentistry Amsterdam (ACTA) is provided by dentistry students and supervised by qualified dentists. Not only does this ensure great quality, it will also save you a lot of money (about 65%). Check with your insurance provider which costs you can get reimbursed.
Studying with a disability

The UvA aims to be optimally accessible to all students, regardless of a disability or special needs. We offer help and advice to make your studies successful, and respond to your individual situation as best we can.

Are you dealing with issues that might affect your studies? Think of limited mobility, a chronic illness, dyslexia, etc. Please contact a student counsellor well in advance before the start of your programme to discuss your situation.
