## Teaching: courses developed, coordinated & (co-)taught:

(Information on most of my courses can be found at <http://studiegids.uva.nl> )

### a) Interdisciplinary honours courses:

- Neurodisciplines in a neurocentric world (2015 – present; 6 ECTS)
- Masters of Suspicion: Darwin, Marx, Nietzsche and Freud (2003- present; 6 ECTS)
- Ethics in theory and application (2006 – 2012; 6 ECTS)
- Tragedy: science, art, experience and politics – (2006-2007; 6 ECTS)
- What is Creativity? From algorithm to history of art (2004-2005; 2012, 2014; 6 ECTS)
- Social entrepreneurship in theory & practice: lectures, workshops and community service (2013-present, 9 ECTS)
- Doing Diversity: from reflection to action (2018; 3 ECTS)

### b) Beta-gamma bachelor program:

- Man in action: interdisciplinary research project (2005 – present; 8 ECTS)
- Interdisciplinary Research Practical (2006 – present; 8 ECTS)
- Philosophy of Science: Reflections on robust knowledge (2010 - present; 3 ECTS)
- Critical thinking skills (introduction and integration of Critical thinking in the overall bachelor program – 2012-2015)

### c) Brain and Cognitive Sciences master's program:

- Current issue: Philosophy of Science & Interdisciplinarity in Cognitive Neuroscience (2009 - present;

component of 'Current issues', 9 ECTS)

- Supervisor/examiner of multiple internships & literature theses by Brain and Cognitive Sciences MSc students (2009- present)

- Philosophy of Cognition and the Brain: from neurons to embodied cognition (2016- ; 6 EC)

**d) Elective master course:**

- Science in perspective (2007 – 2011; 6 ECTS)

**e) Elective interdisciplinary course:**

- The brain: what do scientists know, and to what use? (2011- 2014; 6-12 ECTS)

- Diversity: navigating a cultural and political minefield (2018; 3 ECTS)

**f) Miscellaneous:**

- Academic Skills Workshop Series for Refugees (2016-2017; no ECTS; preparatory)

- Multiple expert workshops on interdisciplinary research and education, at the UvA and elsewhere in the Netherlands and abroad.

## Presentations

### *Academic presentations:*

- 'Interdisciplinary Integration After the Neuro-turn: Problems with the 'Neurofication' of Theology' – invited SPP & ICLAST public lecture, Georgia Tech Univ., Atlanta Nov. 8, 2018.

- Association for Interdisciplinary Studies conference, Detroit, October 12-14, 2018:

1) '40th Anniversary Keynote Panel: *Where Do We Stand and Where Are We Going? An International / European Perspective*' (invited plenary pres., Oct. 12)

2) 'Diversities of Inter-/Transdisciplinarity: Challenges and International Comparisons – Critique of Interdisciplinarity from a European Perspective' (invited panel pres., Oct. 13)

3) Neurotheology, or the neurofication of theology as an interdisciplinary way to revive (academic) interest in religion? (panel pres. Oct. 13)
